

when we have a free previous candle, we move the current swing to the previous candle and perform the extrawing on the outside bar.

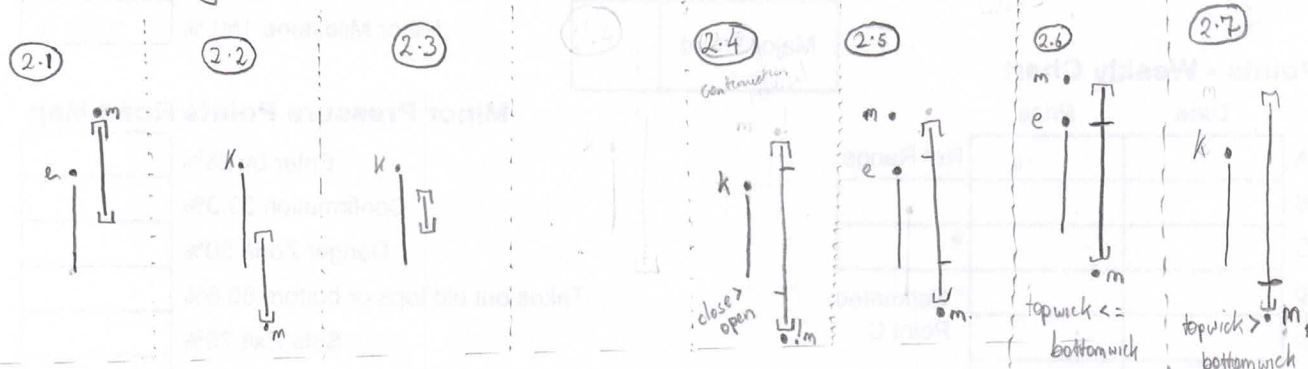

- - swing point (outside unswing)
  - ⊙ - erase (outside unswing)
- Unswing outside bars may be skipped if no previous unmarked candle exists

- - current candle
- - swing point
- ! - unswing outside bar
- m - mark, e - erase, k - keep
- ? - unknown prev candle

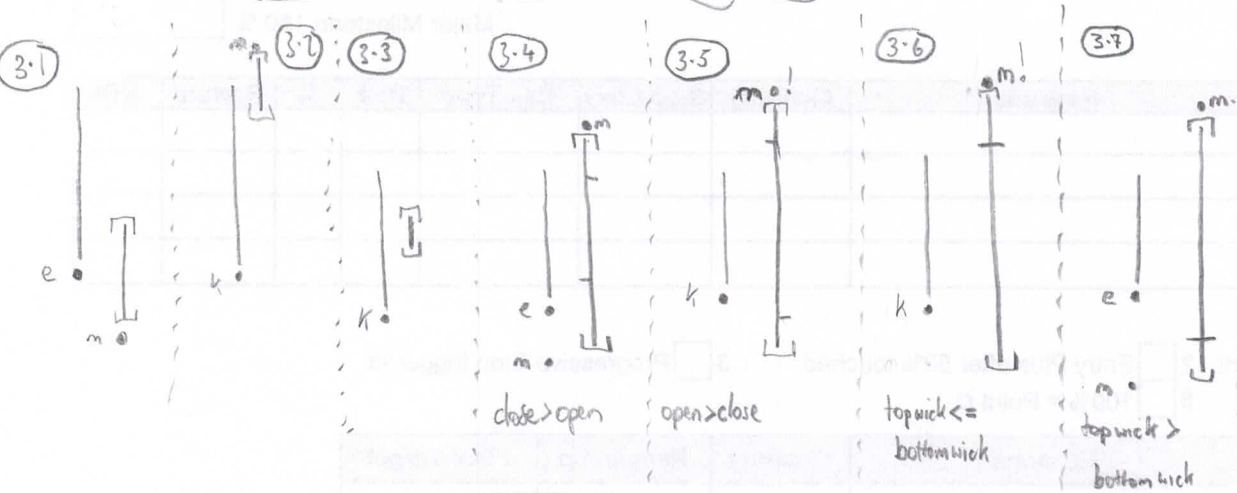

From a down swing (previous candle was part of a down swing)

From an upswing (previous candle was part of an upswing)

From an outside bar (previous candle was an outside bar)

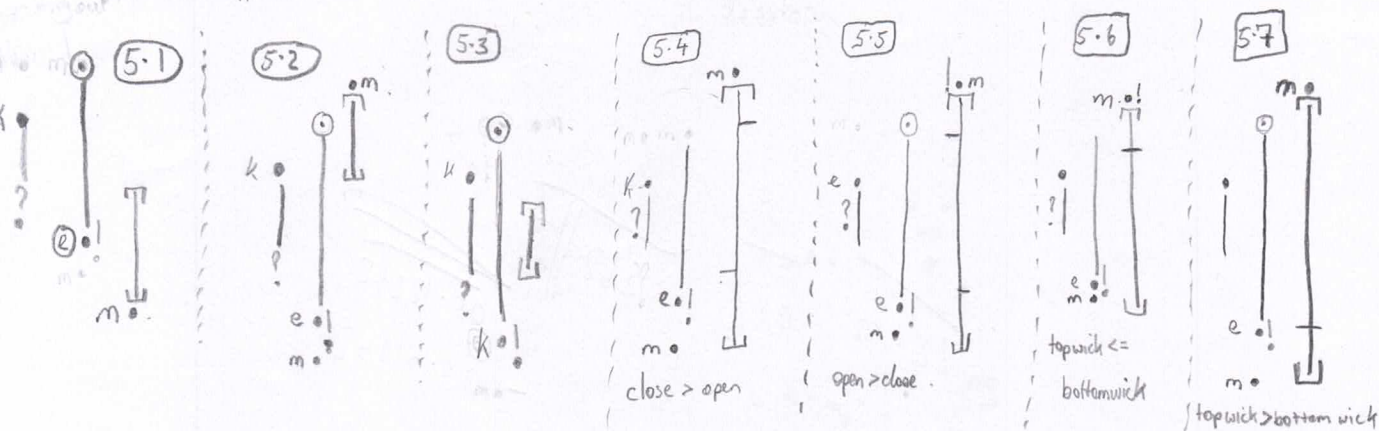

outside bar (3-x)  
nothing new. treat as downswing (1-x)

(4.1) outside bar (4-x)

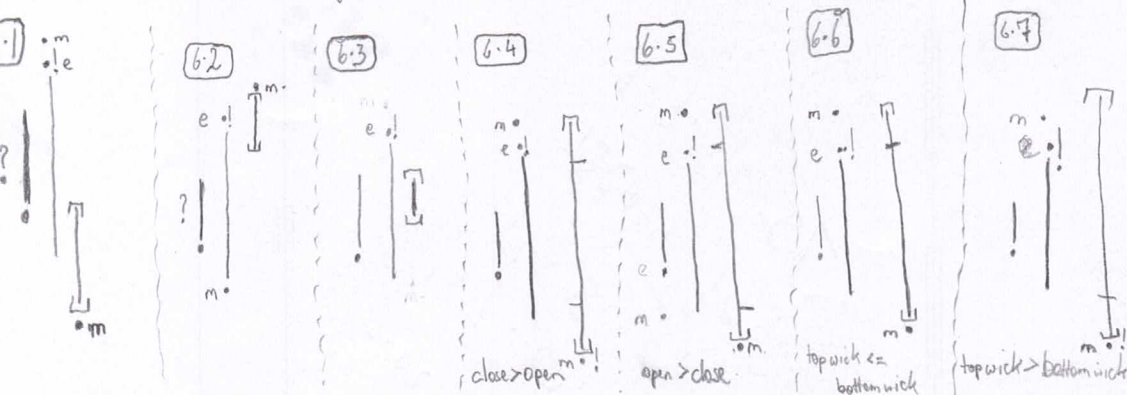

again, nothing new.  
Replica of (2-x)

# Swing charting page 2.

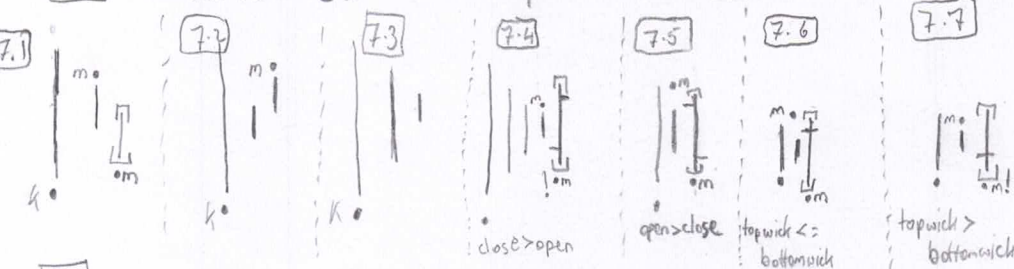

## 5x From an <sup>unswing</sup> outside bar

## 6x From an unswing outside bar And variation swing top

## 7x From an inside bar (allow for multiple inside bars like 7.4) - inside bar following downswing

## 8x From an inside bar following an up swing
